On Thursday, November 8, 2018, The Housing Partnership held its 26th annual celebration of helping working households successfully become homeowners at Birchwood manor in Whippany, NJ. In 2018 The Housing Partnership is proud to have 101 new families partner with the organization to purchase their first homes.

Successful programming isn't possible without community members who support us. This year the Housing Partnership honored Esperanza Porras-Field with the Visionary Leadership Award, Samantha Boos, Esq., Volunteer of the Year and Garden Savings Federal Credit Union as Community Partner of the Year.

The Housing Partnership, a NeighborWorks HomeOwnership Center, located at 2 East Blackwell Street in Dover, New Jersey, has been the resource for home buyer education and financial coaching throughout Morris County and Northern NJ since 1992. The Partnership has changed lives and communities through home buyer education, one-on-one financial coaching and its partnerships with lenders. Workshops and individual one-on-one counseling, offered in both English and Spanish, have been the first step for over 1,200 families in their homeownership journeys that the Housing Partnership has proudly provided over its 26 years in existence. As a result, home buyers have gone on to invest over \$99 million in the local economy strengthening both the financial infrastructure of our community and the personal pride that homeownership brings.

The Housing Partnership is also the administrative agent for affordable housing for nine municipalities: Hanover Township, Morris Township, Madison, Mendham Township, Mountain Lakes, Kinnelon, Randolph, Roxbury and Sparta.

To learn more how you can be a part of our success stories in 2019 register for a home buyer education class today by visiting www.housingpartnershipnj.org
